Storage Allocation Document

Institute has 321TB of raw Storage. Storage is allocated as follows

1. Faculty

   IT provides 1TB of storage via SAN connectivity to the faculty servers. The storage can be increased after approval from the IT head and depending upon the availability of the storage for the limited time period.

2. Staff

   Storage of 20GB is provided to the staff by Windows share. The space can be increased After approval from the HOD/Manager.

3. Students

Storage is provided to the students on institute servers as per the quota rules on the server, if data size is large. And the request is approved by the faculty incharge ,depending upon the availability of the storage for the limited time period.
